

## PLEASURE OF BOATING

The Blue water range is designed with harsh conditions in mind. Integrated fuel tank, non-slip deck and a 20° dead rise let you take on even the roughest conditions confidently. With the impermeable qualities of our aluminum hulls, there's no need to worry about gel coat chips, or putting the boat on a beach or a trailer. Aluminium won't delaminate over time, retaining its agile performance and weighing the same in 10 years' time as the day you towed it away from the showroom

## STANDARD FEATURES :

- ▶ ORCA® 828 Hypalon grade fabric tubes
- ▶ Dual navigation lights
- ▶ Built-in towing eyes and lifting points
- ▶ Raised edge cushion
- ▶ High tensile chromated & power coated
- ▶ Pressure relief valves
- ▶ Built-in fuel tank

### OUR FULL ASSURANCE

**SKIP** is an old Norwegian word meaning "Little Ship", our tenders are overbuilt, tough, reliable and most importantly sea-kindly. Each Skip Inflatable boat is designed and build with the best material available. The construction methods used in military and commercial vessels have been used to produce the very finest recreational tenders available. Our RIBs are designed and built for extended cruises, live-aboard and high use applications. All SKIP boats have a 10 year fabric warranty and a 5 year warranty on all Aluminium hulls. .
